25th Anniversary Celebrates Enable's Achievements

November 30, 2015, Princeton, NJ. Enable's celebration of its 25th Anniversary recently came to a close, ending a year-long celebration of 25 years of supporting the right of people with disabilities and seniors to choose to live independently in the community. As we looked back into the past, we saw that our foundation, built on a commitment to help individuals with disabilities obtain the respect, support, opportunity, and independence they deserve, continues to serve us well.

Since 1987, thousands of individuals with disabilities and seniors have enjoyed the freedom to live in their own homes with assistance from our services and programs. We recently issued our 2015 Annual Report which tracks our 25 year history since our founding in Mercer County and expansion into Middlesex, Monmouth, Ocean, Somerset, and Hunterdon counties.

Enable has grown, yet its values are unchanged. Enable's commitment to the highest quality standards is unwavering. We continue to provide many of the same core services -- residential and day programs, respite, in home personal assistance, and home accessibility projects -- to a broader audience. No matter the size of our organization, we deliver our services with a small agency feel, focusing on the unique needs of the individuals we care for and their rights. That is why we embraced a new logo and tagline this year: *Safe. Happy. Home. A full life for individuals with disabilities and seniors.*

The same core values that have supported us since our founding will guide us into the future. We are confident that Enable is well positioned for another 25 years of successful, strategic growth while meeting the demands of our challenging and evolving field of service.

This year we hosted "Back to the Future", our most successful fundraiser yet. The support of our donors has played a major role in our success. Just like the caring group that helped found our agency, their belief that individuals with disabilities and seniors have the right to participate fully in community life has enabled us to take action. Their help make dreams come true. We thank our donors for helping make Enable's past and future success possible.
